

Delivery Operations Manual

1. Delivery Scheduling

Delivery requests must be placed at least 48 hours in advance of the requested delivery date. For urgent orders, a 20% rush fee applies, subject to availability. Deliveries occurring on weekends or public holidays require a 72-hour notice and incur an additional 10% surcharge. Cancellation of a scheduled pickup with less than 24 hours notice incurs a 50% penalty.

2. Vehicle Assignment Guidelines

Delivery vehicles are assigned based on the cargo weight and distance. Standard vehicles accommodate up to 1000 kg within a 40 km radius. Larger vehicles are needed for heavier loads exceeding 1000 kg. For safe transport, cargo must not exceed the specified weight limits to prevent accident risks.

3. Return Procedures

All returns must be pre-approved by the supplier. Products must be returned in original packaging. Requests for returns must be made within 30 days of delivery. Failure to comply may result in denial of return requests.

4. Supplier Payment Terms

Suppliers will receive payment within 30 days of the invoice date unless otherwise agreed upon. Late payments incur a 2% fee for each month overdue. This ensures timely processing of supplier claims.

5. Quality Assurance Standards

All goods must meet quality standards as specified in the purchase agreement. Supplier quality audits are conducted bi-annually to ensure compliance. Non-compliance may result in termination of contracts.

6. Billing and Invoicing

Invoicing must include line item descriptions for all shipped goods, along with an associated cost. Invoices must be submitted within 15 days of delivery. Invoice discrepancies must be addressed within 7 days to ensure prompt payment.
